**INSTRUCTIONS FOR USE OF THE
SGE 400/3 FULL FACE MASK**

PREFACE:

This leaflet is enclosed as an addition to the SGE400 instructions

DESCRIPTION:

The SGE 400/3 full face mask satisfies the requirements of standard UNI-EN 136 and is CE-certified.

The SGE 400/3 mask differs from SGE mask for SGE400 mask because of the three standard threaded connection, conforming to requirements of UNI-EN part 1° for the connection of one filter in the position most comfortable and practical for the task at hand.

The mask is supplied with two threaded plugs for any unused attachments; these have to be tightened against the seal at the bottom of the threaded hole to ensure a perfect seal.

IMPORTANT:

The only differences between the SGE 400/3 and the SGE 400 instructions are the list of spare parts and the exploded diagram.

These modified parts and the diagram are reproduced in the following pages.

9.SPARE PARTS

9.1 List of spare parts

Description	Component parts	Key
Clamping band kit	MI-6 Adjuster buckles	38
	NG-23 Bolt	32
	NG-24 Nut	33
	MI-9 Clamping band	35
	MI-15 Visor support stem	37
Breathing assembly kit	N-7 Nose and mouth piece	28
	MI-7 O-Ring	7
	MI-1 Breathing assembly	26
	MI-8 O-Ring	3
	MI-3 Bushing	2
	MI-2 Filter connector	8
	NG-13 Filter seal	4
	MI-4 Filter membrane holder	5
	MI-5 Inhaler membrane	6
	NG-11 Exhaler membrane	25
MI-14 Nose and mouth band	27	
Membrane kit	MI-5 Inhaler membrane	6
	NG-11 Exhaler membrane	25
O-Ring kit	MI-7 O-Ring	7
	MI-8 O-Ring	3
	NG-13 Filter seal	4
Separate parts	Visor	10
	N-7 Nose and mouth piece	28
	N-6A Face seal	30
	M-8 Strap	31
	NG-9B Filter holder plug	1
Strap Kit	MI-13 Neck strap	34
	MI-12 Buckles	36
Condensation plug kit	NG-15 Bushing	16
	MI-10 O-ring	17
	MI-11 Condensation plug	18
Lateral filter holder Kit	NG-9 Filter connection	14
	MI-5 Inhaler membrane	6
	NG-13 Filter seal	4
	NG-12 O-ring 46,9*1,5	12
	NG-10 Filter conn. retainer	11
